Filtration and Contamination Control Specialists

FM40446 Bypass Oil Filtration Unit

Designed to suit large gearboxes and hydraulic systems

Features

- Self-contained unit.
- Independent isolation.

Filters

- 4 x FM3204 industrial filter housing.

Mounting

- Heavy duty powder coated frame.

Protection

The unit is fitted with:

- 5 bar relief to protect against pressure spikes.
- Pressure gauge to indicate filter housing pressure.
- Live sample point.

Electrics

- The unit is fitted with a control box.

Optional

- Element change light
- Hour meter.

Function

The FM40446 is designed to be a self-contained unit, this also gives flexibility to where the unit can be mounted.

The unit draws oil from the pan through the pump to the FTA filters and back to the pan.
